

## BOOK REVIEW "**COUNTERING RABBINIC JUDAISM**".

When I first saw the title of this book, I got all excited because this is an area that definitely needs exploring. However as I read the book I realized that the author, Louis Ruggiero, was not writing about Rabbinic Judaism.

I have spoken to Brother Ruggiero by phone once and have kept a running e-mail dialogue with him. The reason I am going to recommend this book is twofold. I found that not only is Brother very teachable and he has a great love for Hashem and the Holy People but because this work was published by Bible Belt Publishing, the author receives no money for sales. His sole purpose in writing this work was his love of apologetics as applied to the LORD Yeshua.

This book for the most part is an excellent apologetic work defending the truth of the Tanach as it applies to the LORD Yeshua. Bro. Louis is in the process of making the necessary changes to make this work more Jewish friendly.

However this book is excellent for two basic groups. New Jewish believers who want to cement their faith with solid Scripture. And for Gentiles who want a good reference for presenting the LORD Yeshua to their Jewish friends.
